SUPERTECH

AUTO RACING

CODE: 2710125
SIZE: US 7-13 / EU 39-47

ABOUT: The Supertech Shoe boasts a new, fully knitted upper construction which is designed to deliver the closest and most comfortable fit, adapting to the morphology of the feet even more, and resulting in improved comfort in the cockpit and reduced driver fatigue.

The ultra-lightweight Supertech Shoes feature a full carbon heel cup for a secure heel lockdown and holding the foot firmly in place. The shoes have a 3D printed midsole, manufactured using Digital Light Synthesis, this allows increased cushioning in key areas, softer under the heel bone, but stiffer at the edges for maximum stability. The memory foam heel padding reduces vibrations from being transmitted to the heel and reduces discomfort, whilst the ultra-thin rubber outsole gives the driving feel required for maximum performance.

KEY FEATURES: Ultra-lightweight, knitted upper offers superior driver comfort in forefoot.

Thermo-formed carbon heel cup provides secure heel lockdown.

3D printed midsole offers premium soft cushioning, whilst retaining maximum stability.

BLACK YELLOW

CONSTRUCTION: Ultra-lightweight racing shoe featuring a fully knitted fire retardant upper, made from a blend of aramid fibers to offer drivers unsurpassed comfort, and breathability, as well as a precise and secure fit around the foot.

Engineered stretch tongue zone and ankle collar area for optimum fit, with rear pull tab for ease of entry while putting on the shoe.

Upper overlay skin for durability and support while providing flex points for comfort when walking.

Thermo-formed carbon fiber heel cup provides secure heel lockdown.

3D printed midsole allows for multi density cushioning, softer under the heel bone but stiffer at the edges for maximum stability.

Redesigned F1-derived ultra-thin rubber outsole delivers greater feel, improved sensitivity with the pedals, and optimum levels of grip.

The textured rubber outer sole has an asymmetric tread and is water repelling and oil resistant to offer high levels of grip.

Lightweight memory padding around the heel reduces vibrations being transmitted to the heel bone, while the seamless Achilles zone construction provides enhanced driver comfort.

Lightweight flat lacing ensures secure fit and reduces pressure points.

TECH-1 Z V3 SHOES FIA

AUTO RACING

CODE: 2715024
SIZE: US 5-13 / EU 37-47

ABOUT: The lightweight Tech-1 Z V3 Shoe has a contoured shape and is proportioned to better adapt to the morphology of the feet even more, resulting in improved comfort in the cockpit and reduced driver fatigue. The shoes have an ergonomic foot bed to ensure the foot maintains a natural, comfortable posture while also allowing maximum flexibility, support, and free foot movement.

KEY FEATURES: Soft and supple kangaroo leather upper offers superior comfort in forefoot. Thermo-formed heel cup provides secure heel lockdown.

New knitted stretch tongue and heel pull tab for ease of entry while putting shoe on.

CONSTRUCTION: Main upper is constructed from soft and supple kangaroo leather for exceptional levels of comfort and durability in the forefoot. Elastic fireproof collar and tongue for weight saving and comfort and enhanced fit. Dual closure, speed lacing system for a personalized fit, and secure closure. Flat wire support system for increased comfort. The wire system utilizes high-tensile, aramid fibers to ensure a precise and secure fit of the shoe around the foot. The Lace Lock System ensures the shoe remains in position. Extensive perforation zones on lateral and medial sides, heel, and toe for enhanced breathability and comfort. New knitted stretch tongue and heel pull tab for ease of entry while putting on the shoe, offering a precise fit. Perforated inner tongue padding for improved comfort and breathability. Para-aramid fiber tubular lining construction for excellent heat-resistance, weight savings, and strength properties. Thermo-formed heel cup provides secure heel lockdown, with its integrated fireproof PU heel for additional protection. Seamless Achilles zone construction for enhanced driver comfort. Lightweight micro-porous padding around the heel and footbed for enhanced driver comfort. Alpinestars one-piece toe and heel counter features a multi-compound construction, an integrated insole, and an ergonomic polypropylene heel counter for maximum support, stability, and protection. F1-derived thin rubber outer sole delivers greater feel, improved sensitivity with the pedals, and optimum levels of grip. The textured rubber outer sole has an asymmetric tread and is water repelling and oil resistant to offer high levels grip. All graphic detailing on the leather features transfer technology for weight saving and improved performance.

PROTECTION: Certified to the FIA 8856-2018 homologation standard.

LIMITED EDITION

AUTO SUITS : 25

STELLA GP PRO COMP V2 SUIT FIA

AUTO RACING

CODE: 3360022

SIZE: 38 - 50

ABOUT: The Stella GP Pro Comp v2 features an outer shell plain material developed exclusively for Alpinestars which is combined with a soft aramidic base knit lining for optimum levels of comfort, protection, light weight, and comfort.

Thanks to the introduction of the aramidic base lining with an open weave structure, this suit delivers enhanced levels of breathability, and this is reinforced even further by the strategically positioned knitted stretchable open mesh panels on the back, crotch and armhole for additional airflow and flexibility, both in and out of the car.

This suit also incorporates innovative silicon grip technology detailing on the shoulders and lower back to prevent any movement with the car's seat or a HANS device, and to reduce pressure on the shoulder.

KEY FEATURES: Female anatomical torso, leg and arm paneling patterned for optimum driving position fit.

Lightweight and breathable multi-layer suit incorporating mesh stretchable panels for maximum comfort and effective body temperature regulation.

Innovative silicon grip technology details on shoulders and lower back to provide more feeling / connection with the HANS device and inside a car seat.

Strategically positioned Formula 1-derived stretch mesh panels on the lower back and crotch for enhanced flexibility, both in and out of the car.

Alpinestars fully floating arm construction with stretchable knit fabric ensures minimal material resistance while driving.

1128
BLACK ASPHALT WHITE

CONSTRUCTION: 100% aramidic, anti-static outer shell fabric for exceptional heat and flame-resistant properties.

Ribbed wrist and ankle cuffs for maximum comfort and reduced weight.

Tall, ribbed collar for extended coverage of the neck and improved driver comfort.

Alpinestars exclusive shoulder epaulette construction provides an effective feature for the extraction of the driver in the event of a crash.

Premium YKK metal zipper for durability.

Double slider on front for a versatile and customizable fit.

Thigh pockets for convenient, unobtrusive storage.

ALPINESTARS PROTECTS slogan on the lower back of the lining; the same design as used on Alpinestars F1 racing suits.

Comes with a laundry bag for convenience and effective material fiber protection.

Athletic-Regular fit design.

Weight 345g/sqm.

PROTECTION: Certified to the new FIA 8856-2018 homologation standard certification.

KARTING

COLLECTION

KMX-9 V3 SUIT

KARTING

CODE: 3350125

SIZE: 40 - 60

ABOUT: Certified to FIA homologation standards, the KMX-9 v3 Suit is the perfect choice for both entry and intermediate level racers.

Boasting an advanced, dual-layer construction for protection and lightness, this suit also has a 100 percent polyester toweling liner for premium comfort.

Additional driver-friendly design details include an angled front opening, stretch panels on the back, shoulders and waist for an optimized fit, and breathable mesh material on the crotch and underarms.

KEY FEATURES: Advanced two-layer construction assembly for protection, improved breathability, and weight savings.

Engineered for durability, minimal material bunching and abrasion resistance, while the poly-toweling lining boasts moisture-wicking properties.

Strategically positioned tech mesh panels on underarms and crotch for increased airflow.

Knitted stretch panels on back, shoulders, and lumbar area ensure minimal material resistance while driving.

Features Alpinestars new Formula 1-derived epaulette design.

TECH-1 KV3 GLOVES

KARTING

CODE: 3551724

SIZE: S - 2XL

ABOUT: The TECH-1 K V3 Gloves have been designed to offer exceptional comfort, feel and high levels of performance to professional drivers. Featuring semi-external stitching for excellent levels of feel and feedback, this glove also has a synthetic suede leather palm for feel and control, with a silicon surface treatment on the palm and fingers for improved flexibility and control.

KEY FEATURES: 4-way stretch, two-layer, bonded fabric offers comfort and fit.

Silicone print palm gives maximum grip on the wheel.
First gloves homologated to FIA new karting standard.

123
BLACK WHITE RED

104
BLACK ASPHALT WHITE

134
BLACK FLUO ORANGE WHITE

CONSTRUCTION: New sublimated main assembly with bonded stretch lining to ensure an enhanced fit and full graphic design.

4-way stretch, dual-layer nylon-cotton construction provides the optimum combination of feel and comfort, as well as offers an enhanced fit.

Combination of technical material construction methods result in a significant reduction in the glove's weight as well as high levels of sensitivity and feel.

Semi-external seams on palm offer excellent comfort.

Equipped with synthetic suede palms for durability, feel and comfort.

Pre-curved fingers and innovative palm design for improved fit.

Ergonomically designed grip treatment with improved Silicone palm print for maximum grip and reduced bunching in palm area.

Straight-cut cuff design ensures an easy and secure fit.

Gauntlet cuff incorporates a 180° elasticated wrist for easy entry and a secure fit.

PROTECTION: Certified to the NEW FIA 8877-2022 Grade 1 homologation standard.

TECH-1 K RACE V2 GLOVES PURE

KARTING

CODE: 3550625

SIZE: S - 2XL

ABOUT: The lightweight, TECH-1 K Race v2 Glove features a new construction of polyester bonded with polyester-mesh to offer superb levels of durability, comfort, fit and feel, and has internal seams and synthetic suede leather on the palm to allow for excellent levels of comfort, feel and grip.

There are also mesh fourchettes on one half of the fingers and Lycra on the other half for the perfect blend of ventilation, flexibility, and comfort, with a silicon surface treatment on the palm and fingers for improved flexibility and control.

It is also equipped Alpinestars open cuff design with a 180° elasticated wrist for easy entry and a secure fit, and a touch compatible print on thumb and index fingers for using mobile devices while at the track.

The glove's lightweight, polyester-mesh construction provides optimum feel and enhanced comfort in warm weather conditions.

KEY FEATURES: Lightweight, polyester-mesh construction provides optimum feel and enhanced comfort in warm weather conditions.

New ergonomically designed silicone print on palm areas for improved mobility and grip.

Synthetic suede material on palm for enhanced durability.

Touchscreen compatible fingertips.

Mesh and Lycra fourchettes promote comfort, airflow, and durability.

Pre-curved finger and palm aids fit while reducing material bunching.

Gauntlet cuff incorporates a 180° elasticated wrist for easy entry and a secure fit.

Digital print on surface for an aggressive aesthetic.

TECH-1 KX V3 SHOES FIA

KARTING

CODE: 2712124

SIZE: US 5-13 / EU 37-47

ABOUT:

Bringing Formula 1-derived features, along with specific innovations for the kart track, the new Tech-1 KX V3 Shoe is now lighter and more breathable with a revised asymmetric lacing system to conform more closely to the foot. The use of thin PU film adds durability whilst reducing seam construction and pressure points. Laser cut-outs and perforations in the film, combined with 3D mesh, offer maximum breathability.

KEY FEATURES:

The TECH-1 KX V3 Shoe has an advanced, seamless thermo-welded construction consisting of ultra-thin PU film and textile to provide supremely lightweight performance and excellent comfort and fit.

Laser cut air-intakes and perforations on toe and both sides for added breathability.

First shoes homologated to new FIA karting standard.

125
BLACK WHITE
YELLOW FLUO

263
WHITE GREEN RED

123
BLACK WHITE RED

CONSTRUCTION:

Advanced seamless thermo-welded construction consists of ultra-thin PU film and 3D mesh to provide supremely lightweight performance and excellent comfort and fit.

Sleek shoe profile conforms to the anatomy of the foot and ensures great fit and performance.

Laser-cut air-intakes and perforations on upper, with 3D mesh on tongue provide excellent breathability and comfort.

External heel, ankle and internal toe reinforcements for abrasion resistance and protection.

Dual, asymmetric closure system incorporates adjustable strap, and an aramidic, speed lacing system in the instep with Alpinestars' exclusive wire closure system that offers optimal support, precise fit, and a secure closure.

New super-light tongue construction combining micro suede and 3D mesh, provides excellent breathability and superior comfort.

Collar padding constructed from PU foam for comfort and weight savings.

Soft microfiber collar is cut lower at the rear to give greater Achilles' heel comfort and improved range of movement.

Lightweight, one-piece heel and insole construction for enhanced heel lockdown and comfort while driving.

External heel and ankle and internal toe reinforcement for abrasion resistance and protection.

Formula 1-derived thin rubber outer sole designed to deliver unsurpassed levels of feel and sensitivity with the pedals, while the textured pattern ensures optimum levels of grip.

PROTECTION:

Certified to the NEW FIA 8877-2022 homologation standard.

TECHNICAL²⁵ LAYERS

ZX EVO V3 TOP L/S FIA/SFI

TECH LAYERS

CODE: 4750325
SIZE: XS-XL / M-L / XL-2XL

ABOUT: Alpinestars ZX EVO V3 Long Sleeve Top is constructed with LENZING™ FR, an innovative, sustainably produced viscose fiber that provides exceptional flame resistance and protection against heat transfer.

This Formula 1 specification underwear is extremely lightweight and thin, and designed to be incredibly soft to the touch, offering greatly enhanced comfort when wearing a driving suit.

KEY FEATURES: The ZX EVO V3, F1-specification top is constructed using an innovative flame-resistant technology developed by Alpinestars.

LENZING™ FR is a special natural cellulosic fiber with unique thermal insulation and permanent flame resistance properties that help prevent heat stress and heat stroke.

The ZX EVO V3 Top offers increased breathability and improved fit whilst maintaining ultra-light weight.

Designed to provide a better soft to the touch feel for improved driver comfort.

Top has reduced collar seams for less pressure points.
